SUMMARY

Frontend-focused developer with **5+ years** of experience building web platforms in PropTech, B2B SaaS and e-commerce. I own frontend features end to end — from working with Product and Design on requirements, through architecture, performance and SEO, to AI-powered features in production. Core stack: React, Next.js, TypeScript, Mantine, Tailwind CSS, with hands-on Node.js and MongoDB. Currently building moso.vn: **24,000+** active listings, **26,000+** users.

EXPERIENCE

Software Engineer (Frontend) — MOSO

04/2025 – Present · Ho Chi Minh City

moso.vn — PropTech real-estate marketplace: consumer web, admin/CRM and AI services. Next.js 15, TypeScript, Fastify, MongoDB, Elasticsearch.

- Led **frontend delivery of moso.vn** (search, listing posting, agent directory, map-based project pages), working with Product, Design and Backend.
- Cut **mobile LCP by ~40%** and raised the Lighthouse performance score by **75% (40 → 70)** by tuning streaming SSR, hydration, code splitting, image/font loading and CDN caching.
- Built the **technical SEO foundation** (JSON-LD, dynamic sitemaps, metadata, Open Graph) across all listing and project pages, growing organic traffic by **~30%** within 6 months.
- Defined the **frontend architecture standard** (folder structure, API and i18n conventions, testing strategy) adopted by **9 production repositories**, cutting new-developer onboarding time by ~40%.
- Shipped **AI features** end to end: a streaming AI property-finder chat and RAG search with source-backed results; built the supporting LangGraph agent service with an MCP server.
- Built codegen and prompt tooling that generates standard-compliant modules, reducing new-module setup time by ~50%.
- Designed **multi-tenant RBAC** across UI and backend for admin/CRM modules (transaction verification, telesales, HR, analytics).
- Guided teammates in adopting the architecture standard through code reviews.

Frontend Developer — Ahasoft

03/2024 – 03/2025 · Ho Chi Minh City

Multi-tenant beauty-salon CRM for 10,000+ shops in Korea. Vue.js 3, TypeScript.

- Built data tables, booking calendars and booking forms used daily by staff across **10,000+ salons**, delivered from Korean product team Figma specs.
- Implemented **role-based permissions** with full per-tenant data isolation.
- Maintained a **shared component library** across multiple tenant themes, reducing UI defects by ~20%.

Frontend Developer — OKXE

04/2022 – 03/2024 · Ho Chi Minh City

Motorcycle e-commerce marketplace with 1.5M+ users and 2M+ listings. Vue.js, Vuetify.

- Developed listing creation, search and filters, checkout and seller dashboard in an Agile/Scrum team.
- Optimized **high-traffic listing pages** (lazy loading, image optimization, code splitting), reducing page load time by ~30%.
- Extracted shared logic into a **reusable module library** and streamlined CI/CD, shortening release cycles by ~30%.

Frontend Developer — Sutrix Solutions 11/2020 – 03/2022 · Ho Chi Minh City

Digital agency serving enterprise clients including Nissan and Philippine Airlines. React, SCSS.

- Built responsive, **WCAG-compliant React interfaces** for Nissan e-commerce and car-configurator portals and the Philippine Airlines booking flow.
- Delivered client projects on fixed agency deadlines under strict QA, security and brand-compliance review.

SKILLS

Frontend	React, Next.js 15, React Server Components, TypeScript, JavaScript (ES6+), HTML5, CSS3, Vue.js 3, Nuxt.js
UI & Styling	Tailwind CSS, Mantine, SCSS, Storybook, Design Systems, Responsive Design, Figma
State & Data	Zustand, Redux Toolkit, Pinia, REST API
Performance & SEO	Core Web Vitals (LCP, INP, CLS), Lighthouse, Code Splitting, Lazy Loading, Technical SEO, JSON-LD, SSR
AI Integration	OpenAI API, Anthropic API, MCP
Backend & DevOps	Node.js, Fastify, MongoDB, Elasticsearch, Docker, GitHub Actions, CI/CD
Other	React Native, Accessibility (WCAG 2.1), RBAC, Agile/Scrum, Google Analytics 4
Languages	Vietnamese (native), English (good reading and written technical communication; basic spoken communication)

EDUCATION

College Diploma in Information Technology — University of Science, VNU-HCM 2017 – 2020 · Ho Chi Minh City
